### **Tribute from Peter Hierzi**

Relation: Very very good old friend , we worked together on Salt Spring Island in 2016 to 2018

To Woody's Family ..... we ( Peter , Connie and Jeremy ) would like to extend our sincerest condolences to you all on the passing of Woody !

We got to know Woody on Salt Spring Island when we and he was involved in the setting up of the resort on Salt Spring Island in 2016 . We became very good friends , he was always so positive and a happy person . We work so well together during very difficult times with the resort as well taking care of several houses in the area . Truly he was a true and real friend and when needed he was there for you . We left after two years and were transferred by this organization to Toronto , where just stayed 1 year , then we went on to Germany and from there to China again . We always stayed in contact with him via WeChat and he did mention that he had cancer and was fighting it. It has been a while since we heard last from him , about July , but somehow we never were told that he passed away in September he is now in a better world and he R.I.P , he will be dearly missed and we are in a great shock about this ! Found out through google as wanted to see if I can find something on him and there it was ! Please kindly reply to my mail and thanks , we loved him so much !
